Dear Prof Weiling Xu,

We are writing to you on behalf of IAHR to express our deepest commiserations for the tragic news of the passing away of our dear friend Dr. Lin Luo!

We met him at the IAHR Council meeting in Nagoya in 2009 when he enthusiastically represented Sichuan University during the successful presentation of Chengdu for the 2013 IAHR World Congress, We were looking forward to working closely with him over the coming years during the preparations for our Congress, and we greatly regretted his absence in our Vancouver Congress in August!

Our thoughts are with you, his family, friends and colleagues at this time!

Yours sincerely

Dr Christopher George  
Executive Director

Prof. Nobuyuki Tamai  
President
