Dear Yang,

Re. China Student Chapter Union

I would like to send congratulations to all our student members in China upon the formation of the first national union of IAHR Student Chapters!

I am also pleased to hear that Sichuan University will provide the first president of the Union – as this will be very helpful in the coming year – a period of intense preparations for the IAHR World Congress in Chengdu in 2013!

With your help as a group of universities I am sure that we will be able to make Chengdu in 2013 the place to be for young researchers working in the hydro-environment field!

I look forward to working with you and the IAHR China Chapter in developing the activities of the new group!

With warmest regards,

Dr Christopher George
Executive Director
